

NORTH TOM PRICE PRIMARY SCHOOL SONG

Together we strive for excellence
To build our minds and resilience
North Tom Price, the best school
That's where we are.
Jarndunmunha, it's standing by
Looking out to a bright blue sky
The best place, the best school in the Pilbara

Tom Price, the highest town in the west
It's famous for its Iron Ore
They say it's the jewel of the Hamersley's
It's a town that offers so much more
And when we visit Karijini
In the gorges we explore and swim
We've got bushwalk and trail and waterholes
And we always wear a hat with a nice broad brim

Yes, we strive for excellence
To build our minds and resilience
North Tom Price, the best school
That's where we are.
Jarndunmunha, it's standing by
Looking out to a bright blue sky
The best place, the best school in the Pilbara

At school we hang out in the playground
On the swings or playing dodge ball
We've got the best teachers and good mates
Yes, North Tom Price has it all
The keys of success will help our learning
And we give our best at all we try
Yes, we can achieve all that we want
Wearing maroon, black and white

Yes we strive for excellence
To build our minds and resilience
North Tom Price, the best school
That's where we are.
Jarndunmunha, it's standing by
Looking out to a bright blue sky
The best place, the best school in the Pilbara

North Tom Price, the best school in the Pilbara
North Tom Price, the best school in the Pilbara
